Reverb Splash blends the balanced harmony of naturally-derived Delta 9 THC and CBD, with a refreshing splash of real fruit juice. With zero artificial preservatives and zero alcohol, Reverb Splash delivers consistent refreshment without all the noise.

Whether you're vibing solo with your favorite record, passing cans around at a backyard show or hitting play on the perfect playlist for a sunny afternoon, each sip of Reverb amplifies the mood. It's made for those moments that echo long after they pass, because with Reverb, **Good Times Resonate.**

REVERB KEY SELLING POINTS

- Reverb Beverage is a family of **ALL-NATURAL** hemp-derived THC and CBD beverages.
- THC is the main ingredient in hemp that makes you feel "high," providing similar effects to a low dose edible.
- The Reverb Splash product line consists of THC-infused sparkling waters with a splash of **REAL FRUIT**.
- It blends a balanced harmony of **THC** and **CBD** for a smoother, more controlled high.
- Reverb is **ALL-NATURAL** and **ZERO ALCOHOL**, with **ONLY 30 CALORIES** delivering consistent refreshment without all the noise.
- All of our Delta-9 is independently lab tested for quality and accuracy. We share lab results online for every batch so you always know exactly what you're drinking.
- Reverb is made by Illinois' #1 independent brewery, Revolution Brewing in Chicago.
