

INTRODUCING

SUPER ZERO

SPARKLING HOP WATER

REVOLUTION BREWING'S FIRST NON-ALCOHOLIC OFFERING.

We set out to create a tasty and refreshing beverage for fans of hop-forward flavor that could be enjoyed at any point throughout the day and be accessible to all, both beer drinkers and non-drinkers alike. With our expertise in hop experimentation and crafting award-winning hoppy IPAs and Pale Ales, a hop water just made sense. And so, after various test batches in search of the perfect combination of hops, brewing techniques and ingredients,

SUPER ZERO was born.

The liquid you're holding in your hands today is made with Sabro & Nectarone hop pellets to give you that big rush of citrusy, refreshing, fresh hop flavor - with no oils, extracts or sweeteners needed.

AND CITRIC ACID

WHY SUPER ZERO?

SUPER ZERO gives you the freedom and flexibility to enjoy a tasty, crafted beverage and scratch that hoppy, IPA itch without the alcohol.

Whether you're....

-  Taking a day, week or month off from drinking alcohol
-  Breaking up alcoholic drinks with non-alcoholic refreshment
-  Hitting your drink limit
-  A hop fan looking for some morning or midday refreshment
-  An alcohol-free individual

SUPER ZERO comes to your rescue, helping you to stay in-control -- so you can ***Save The Day!***

LOOKING FOR SUPER ZERO? FIND IT HERE:

GIVE IT A TASTE CITRUSY & REFRESHING

SUPER ZERO is dry-hopped with two contemporary hop varieties, Sabro & Nectarone, at an equal dosing rate as the best-selling Anti-Hero IPA. Our brewers naturally pull out the flavoring power of these high-quality hops, without relying on oils, extracts, sweeteners or other processed “natural flavors.”

The combination of citrusy, tropical fruit and fresh green notes the Sabro and Nectarone hops provide gives SUPER ZERO an unmatched, refreshing flavor.
